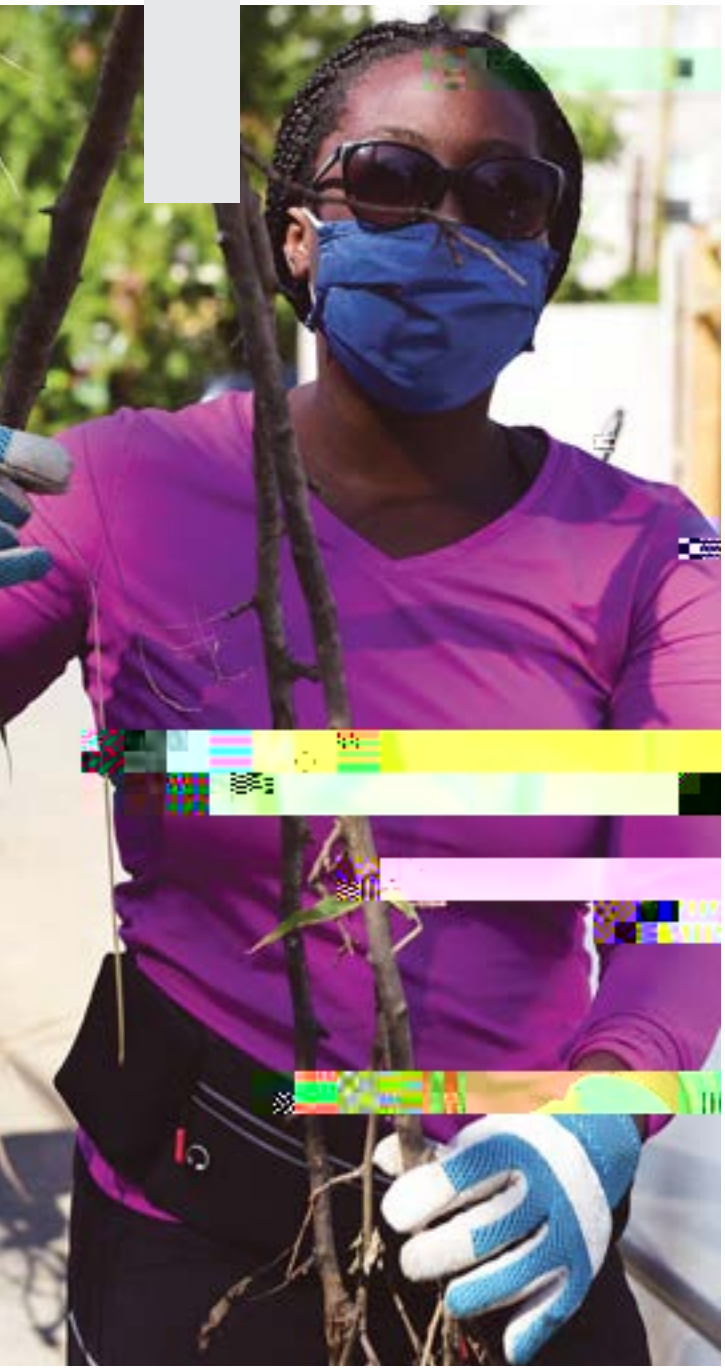
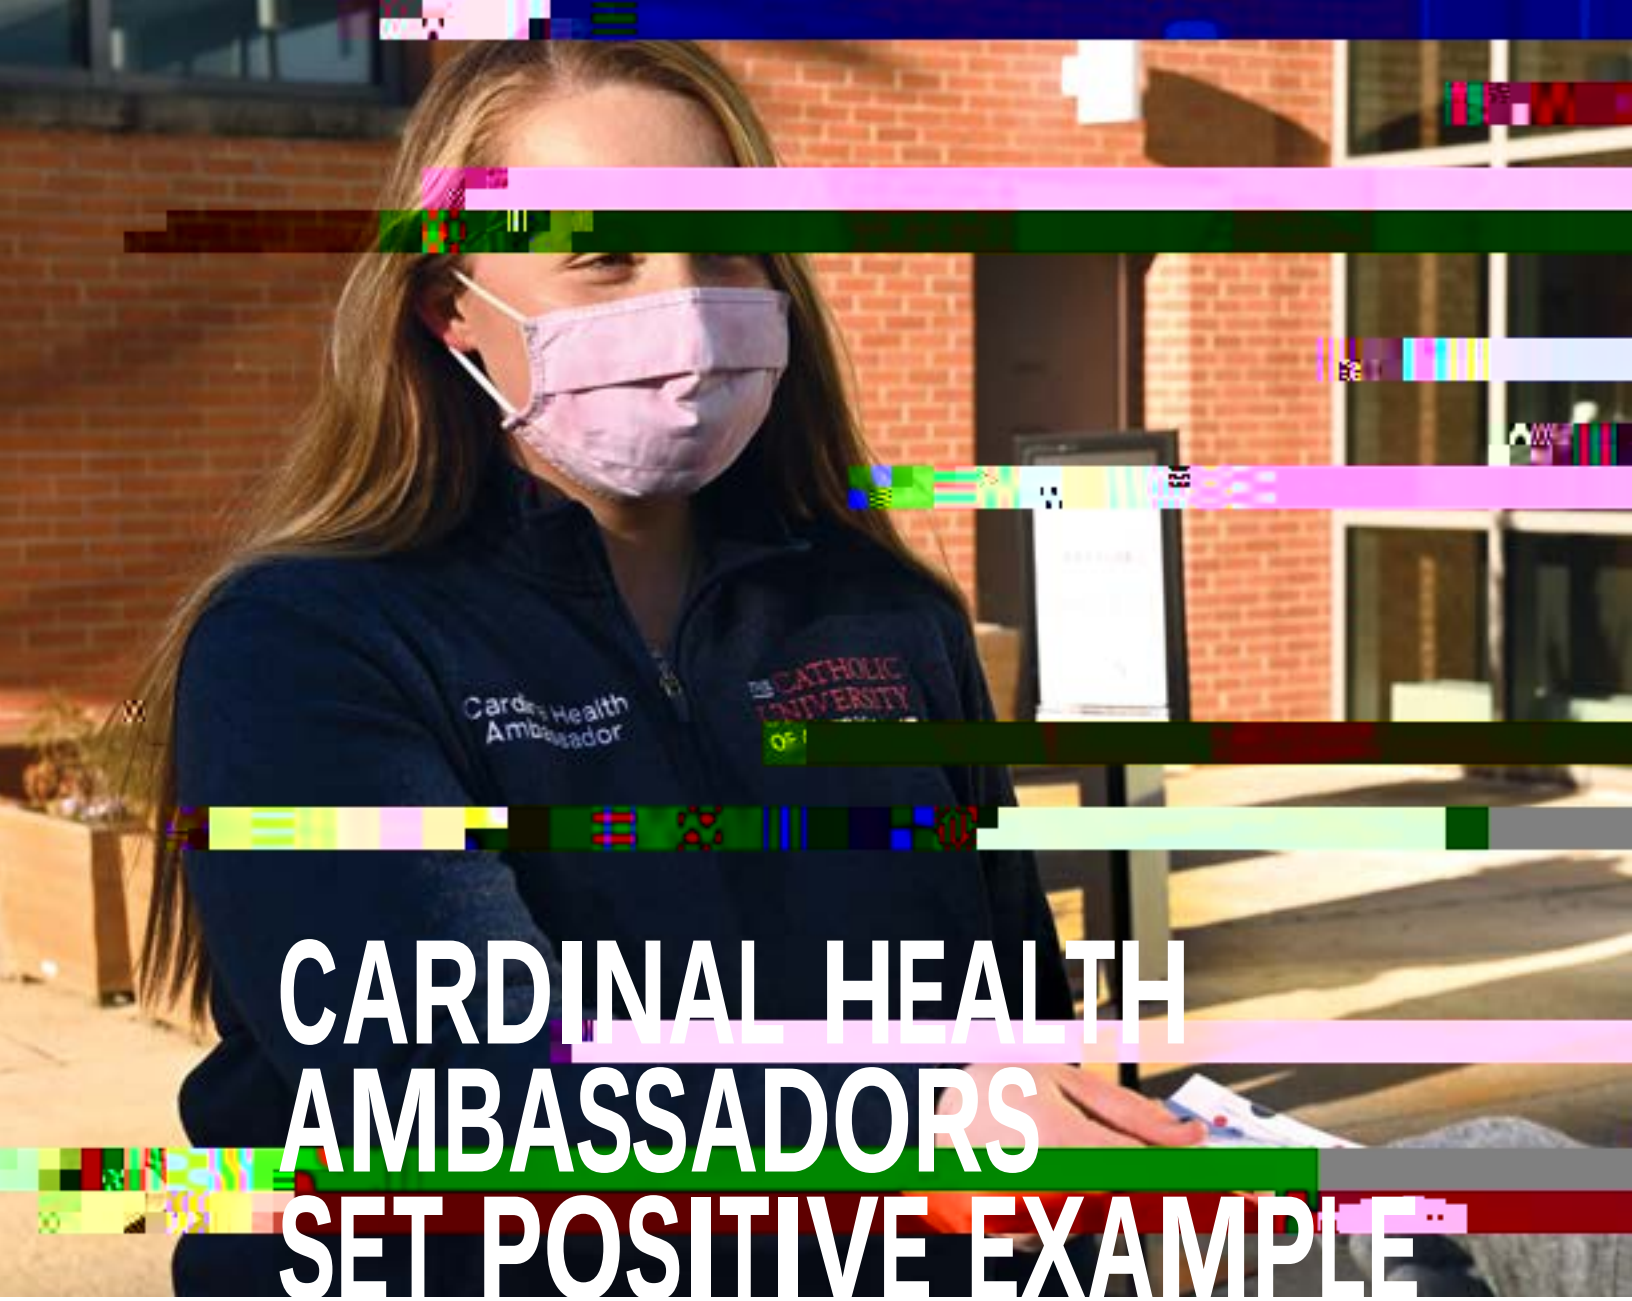
SERVICE AND WORSHIP CONTINUE



“Doing service makes you feel like you have a deeper purpose. Still being able to participate in that during this time has been awesome.”

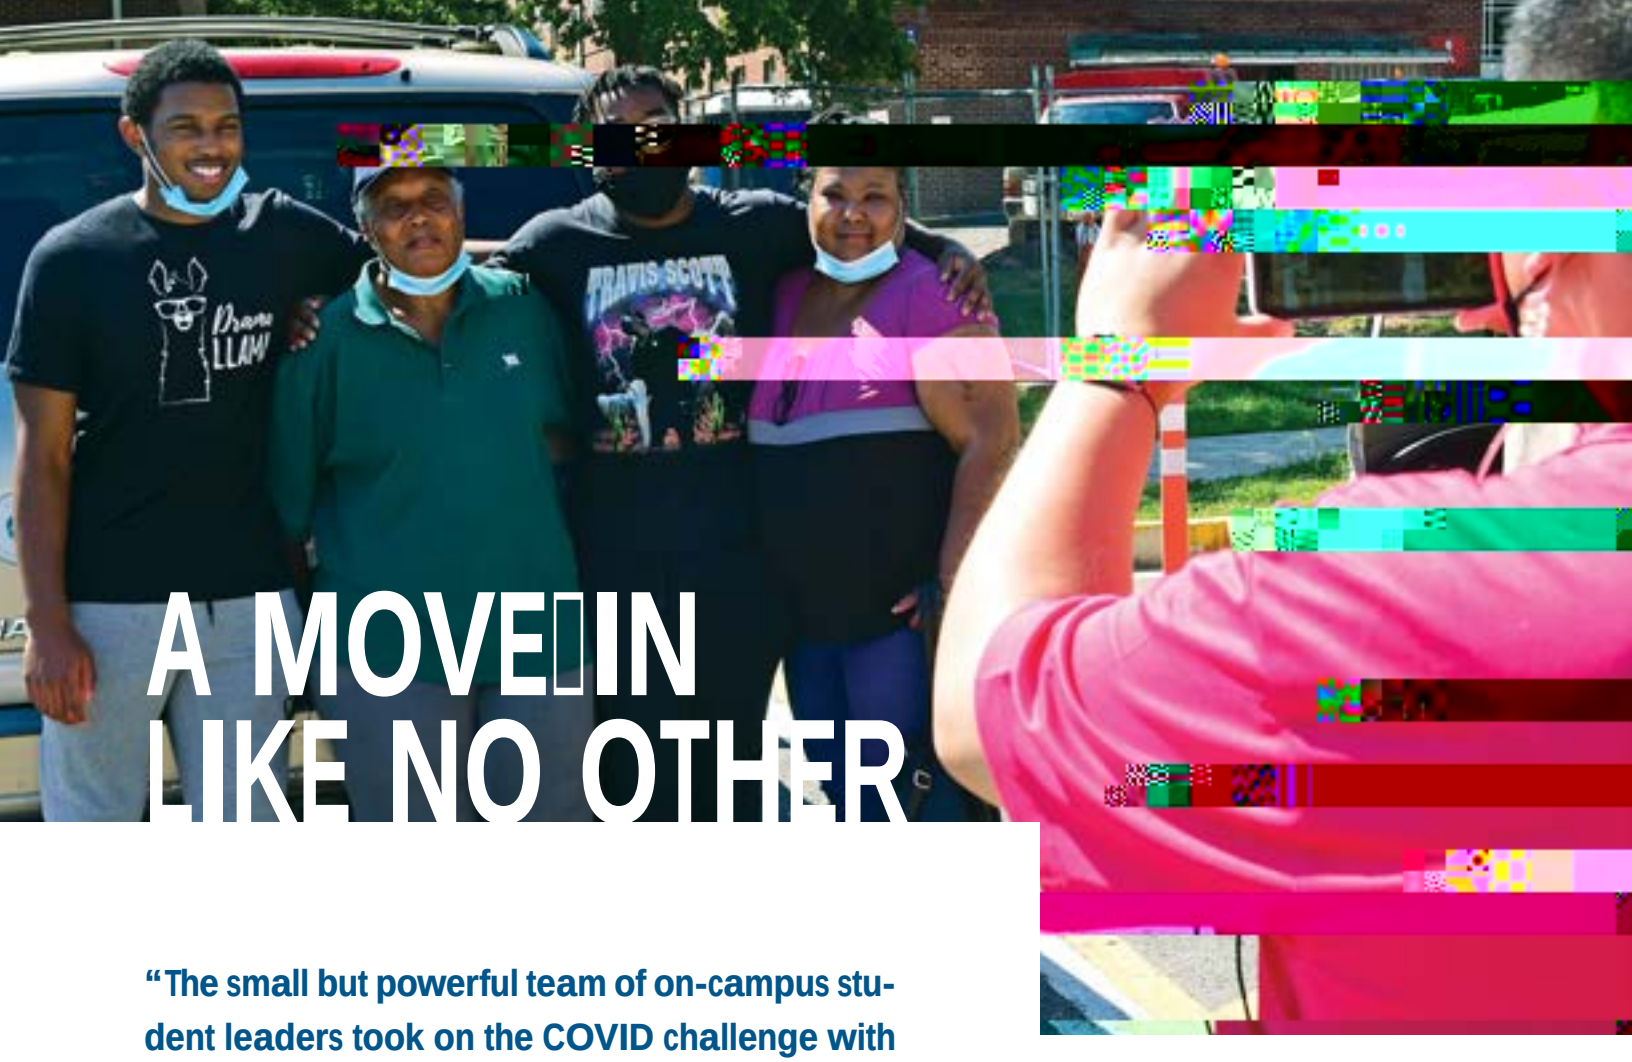


CARDINAL HEALTH AMBASSADORS SET POSITIVE EXAMPLE

“If I can do something as simple as working a few hours a week to get people to wear masks, and that will help get people back to campus, that’s enough for me.”

STAYING SAFE

“Across all departments in Facilities, staff spent countless hours researching guidelines, working with consultants, and purchasing products. These measures have allowed us to put into place safety protocols and mitigation measures that aim to alleviate many concerns. We continue to watch for new and evolving guidance, as well as to monitor and enhance the processes that we have in place.”



A MOVE-IN LIKE NO OTHER

“The small but powerful team of on-campus student leaders took on the COVID challenge with grace and energy, teaming up to create unique and safe opportunities for building connections, exploring Washington, D.C., and enjoying all that CatholicU has to offer.”

TEAMWORK THRIVES DESPITE A CANCELED SEASON

PROFESSORS FIND LESSONS IN THE PANDEMIC

TOGETHER IN A NEW WAY

“For all of our in-person events safety was the top priority as we all ensured that students could maintain appropriate distancing and mask wearing at all times...”

CALLED TO THE FRONT LINES

“We really had to pull together as a community to get to the finish line.”
